

Access Petrotec & Mining Solutions

Environmental Policy

Access Petrotec and Mining Solutions Pty. Ltd. (hereafter referred to as AP). will monitor the use of its natural resources, both renewable and non-renewable, and maximise the efficiency and effectiveness in which they are used.

We will strive to ensure our environmental footprint is minimal by following industry best practice provided through technological advances and working with stakeholders to stay current with pollution elimination and prevention practices. AP aims to achieve Continual Improvement through an Integrated Management System (IMS) with environmental objectives and targets:

- Continue to improve the Company's environmental sustainability, prioritised by environmental risk;
- Ensure the company Continues to operate in accordance with all legislation relevant to environmental management;
- Receive no penalties for breaches of legislation relevant to environmental management;
- Encourage Personnel to be involved in environmental management;
- Provide opportunities for mutual support of operational and career interests in relation to environmental management and the protection of the environment;
- Identify and manage environmental risks within our operation and implement best practice principles to prevent pollution.

We will achieve this by:

- Identifying and complying with all relevant State and Federal and Local legislation;
- Continually look for ways to minimise waste to prevent pollution and protect the environment;
- Use and value recycled or recyclable materials and reduce reliance on non-renewable resources;
- Reduce paper and consumable usage and encourage the use of environmentally friendly materials, equipment and packaging;
- Distribute information in the most environmentally friendly manner;
- Encourage staff to provide suggestions as to how to improve environmental sustainability;
- Undertake continual improvement of the management systems as they relate to the environment;
- Look to partner with organisations who hold similar values with regard to sustainability commitments.

AP will not compromise on our environment commitment and shall encourage sustainability all times.
